

SANNAIR

Heavy-Duty

Industrial Reciprocating Compressor

Energy-efficient

High-efficiency IP54 Motor
With Copper Winding
IE2/IE3 Motor

Reliability

Robust build quality
Design for optimum
efficiency

Cost-effective

Offer at lowest cost on
accurate performance
and quality

Sannair Equipments are the embodiment of user reliability design for optimum efficiency while running at minimum maintenance to fulfill your demands of compressed air supply, only top quality material and latest technology is used while designing & Manufacturing.

For Small scale Industries Sannair equipments brings a Heavy duty Two Stage Reciprocating Compressor to matched low investment with High efficiency

Product Features:

- Totally Enclosed Belt guard
- Pressure switch with Unloader
- Less Noise level while running
- Less Specific Power consumption
- Low Wear & tear
- All fittings are leak proof
- Simple to operate & Easy to Maintain
